Winter Parking Regulations End on Sunday, March 2, 2014

Winter parking regulations for the City of Milwaukee expire this Sunday, March 2, 2014. City residents are reminded that they still must move their cars every 24 hours, and the alternate side parking rule is in effect for most City streets.

Not sure about the parking rules? Go to the Department of Public Works' website to check for all parking regulations for a specific address or street: http://mpw.milwaukee.gov/services/parking_regs.

Remember that the City of Milwaukee can still declare a snow emergency or 4-inch rule after March 1. Sign up for a Snow Mobile text alert to be notified

Prefer an email message? Sign up through E-Notify at www.city.milwaukee.gov/mpw to receive an email when a snow emergency is declared.

Drivers can also call (414) 286-CITY (2489) for parking information.
